EXTRA.  
POET SCOUT.

Wins the Shrewsbury Handicap in Fast Time at Monmouth.

KINGSTON'S NEW RECORD.

Sir Walter Finishes First in the Race for the Atlantic Stakes.

(SPECIAL TO THE EVENING WORLD.)  
MONMOUTH PARK RACE TRACK, July 12.—Not more than 5,000 people were in attendance at the Monmouth Park races today. The management were somewhat surprised at the poor showing, for the programme they offered far exceeded that of any day during this meeting.

The Shrewsbury Handicap looked as though it might furnish a great contest between Hackland, Poet Scout, Denham and Russell. The weather was very sultry. There was a breeze from the ocean, but by the time it reached the race-course it was so warmed up that it was more like a blast from an oven.

The track was dry and very fast, as may be seen from the time of the first race. Poet Scout, carrying 128 pounds, ran the seven furlongs in 1:29, which makes a new record for that distance over a circular track. The previous holder of the record was Lakeview, who, with 120 pounds up, ran seven furlongs at Garfield Park on Aug. 17, 1891, in 1:30 flat.

Kingston was a favorite, but the price was generous because of his poor race on July 4. Strathmore had Snapper Garrison up, but he was forced to be content with second place. Seckin was third.

The Atlantic Stakes furnished a beautiful finish between Sir Walter, Comanche and Lawless. These three fought hard from the start, but it was only Garrison's skillful handling that brought the winner of the Great American Cup, the Great Colossus, under the wire. Comanche was second, a head in front of Lawless, who was a head in front of Sir Walter.

Sir Walter was an even money favorite. St. Michael was played for a good thing. He got down to 144 and 150 and 160 and 170 and 180 and 190 and 200 and 210 and 220 and 230 and 240 and 250 and 260 and 270 and 280 and 290 and 300 and 310 and 320 and 330 and 340 and 350 and 360 and
